

As part of Enhancing the Competitiveness, Sustainability and Export Capabilities of Jordanian Companies.

USAID-Funded Tatweer Project offers Jordanian Companies

a three-day workshop entitled:

“Reduce Waste and Boost Your Profit With the Effective 5S Program”

The workshop is designed so that participants understand the importance of 5S in achieving a lean manufacturing environment, which will give you the benefits of having better costs through quality and productivity improvement.

Course Outline:

- ▶ Understanding the principles of 5s : Seiri (Sort & Dispose) , Seiton (Arrange & Organize), Seiso (Clean & Check), Seiketsu (Standard & prevention), and Shitsuke (Training & Discipline).
- ▶ Visual Workplace Management
- ▶ How to coach 5s activities
- ▶ 5s Implementation Roadmap
- ▶ Application of 5s & Visual Workplace management: Reduce Waste, Reduce Equipment downtime, Prevent accident at workplace, Improve product or service quality, Improve operational efficiency and Cost reduction

Who should attend?

The workshop is specially designed for managers, leaders, supervisors and executives working in production, warehouse, operations materials and logistics department.
